

Tight Buffered Fiber

·Description

NECERO tight buffer fiber is produced as that fiber is sheathed by buffer material. The selection of top-quality fiber, the specific production equipment and the accurately designed die make the performance of product.

·Characteristics

- Good uniformity of the outer diameter of tight buffer fiber and excellent strippability
- Good performance of flame-retardant
- Low induced attenuation within the operating temperature range
- Excellent geometrical dimension of the fiber

·Application

- Indoor cable
- Making jumper, pigtail
- Data communication
